WHITE GOODS COLLECTION

Appliances such as residential room air conditioners, dehumidifiers, residential refrigerators and freezers (with doors removed), are collected curbside on Wednesdays by the Township's DPW or they may be brought to the Recycling/Conservation Center. Call 891-7000, ext. 101 to request curbside collection of these appliances. Please note, collection of white goods is suspended when snow plowing and leaf collection are in progress. Central air conditioning units are considered construction material and must be disposed of privately. A building permit must be obtained when replacing or installing central air conditioning.
