

Art for Awareness

Ashley Park

Overview

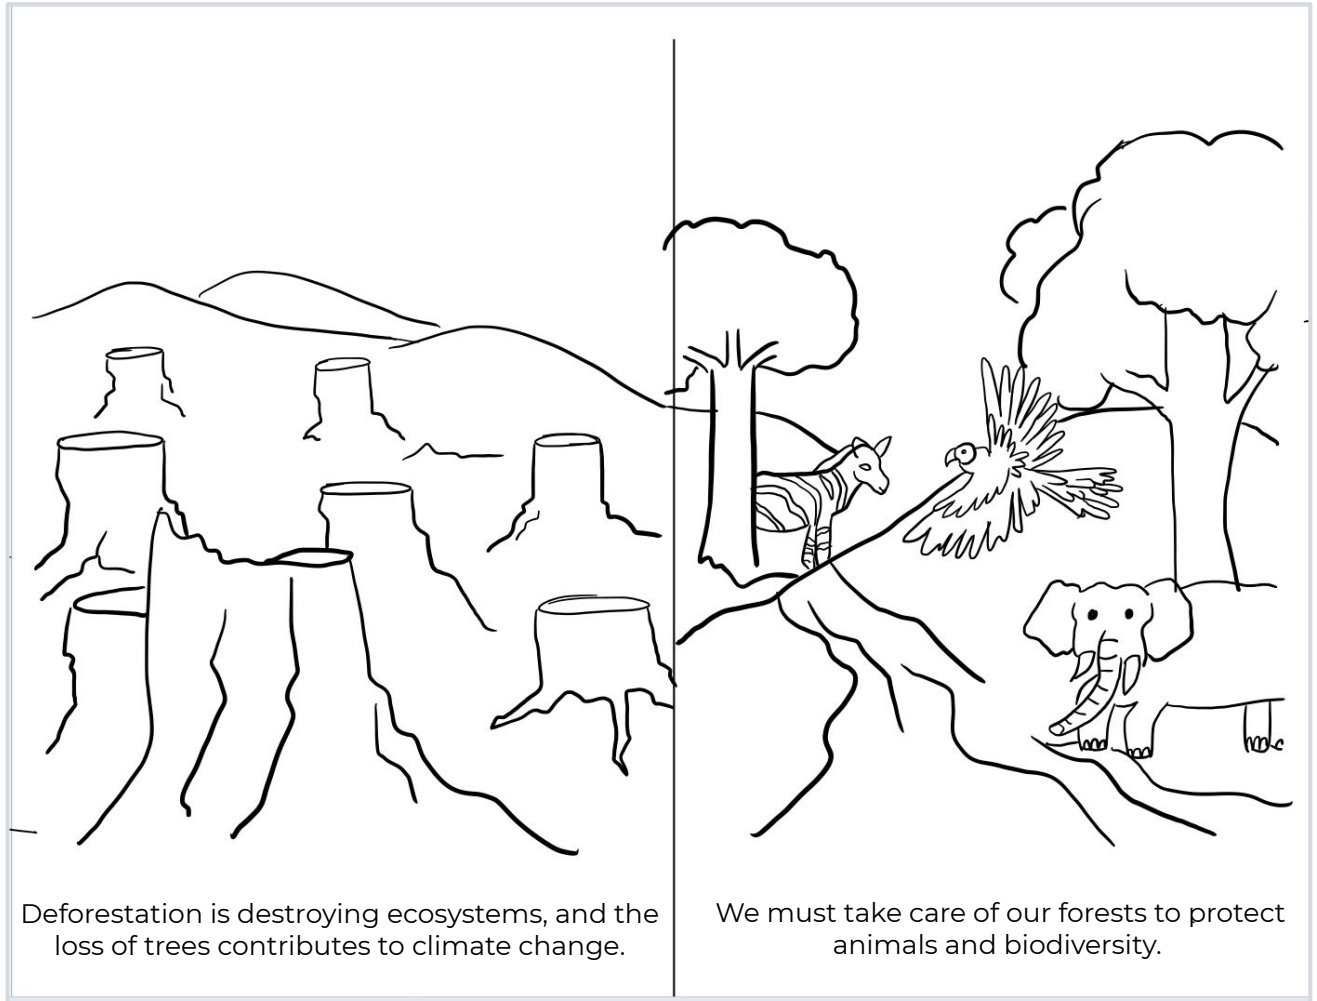

***Save The Earth* Coloring Book**

- Design images for coloring book
- Discuss environmental destruction
- Present solutions for environmental protection

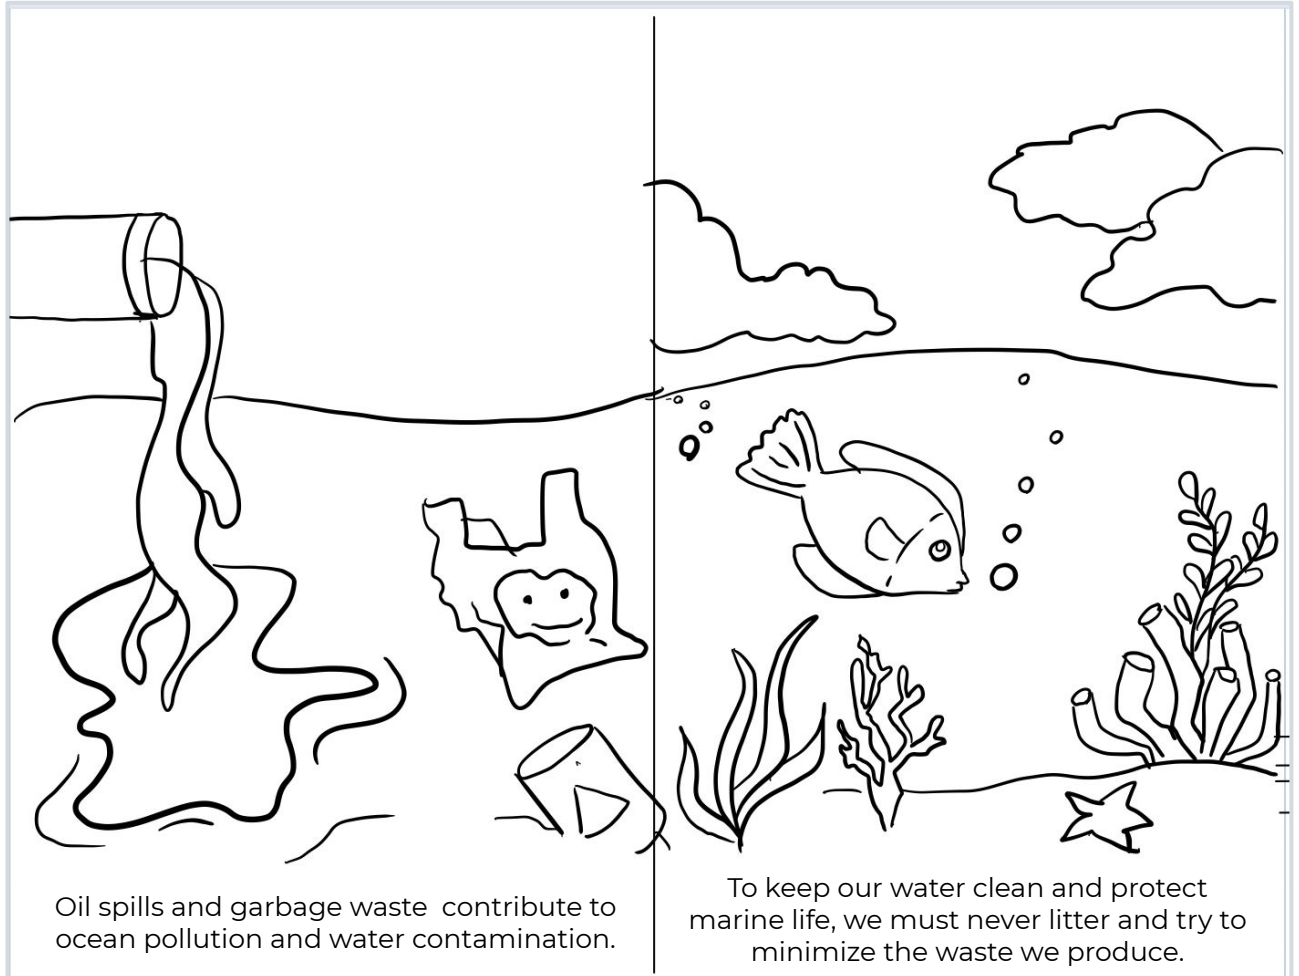

Title Page

Page 1

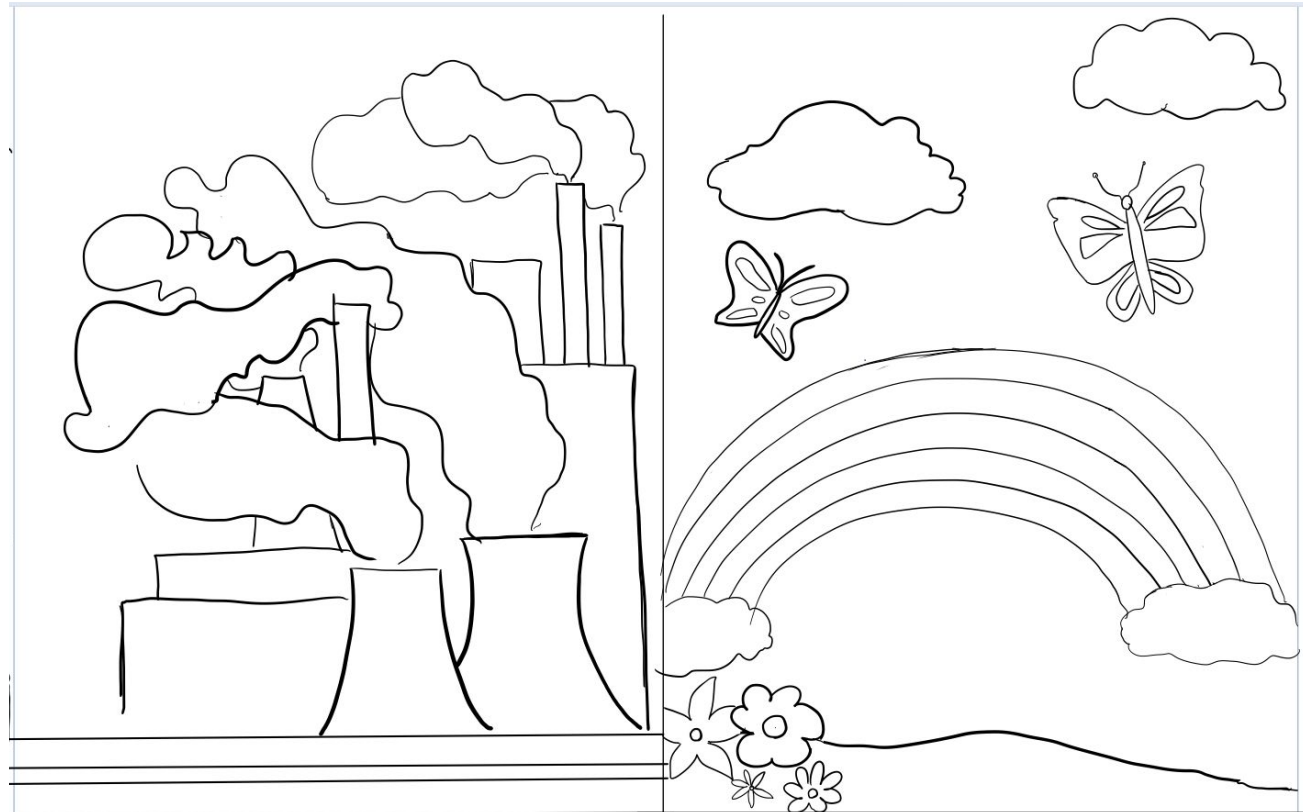

Page 2

Oil spills and garbage waste contribute to ocean pollution and water contamination.

To keep our water clean and protect marine life, we must never litter and try to minimize the waste we produce.

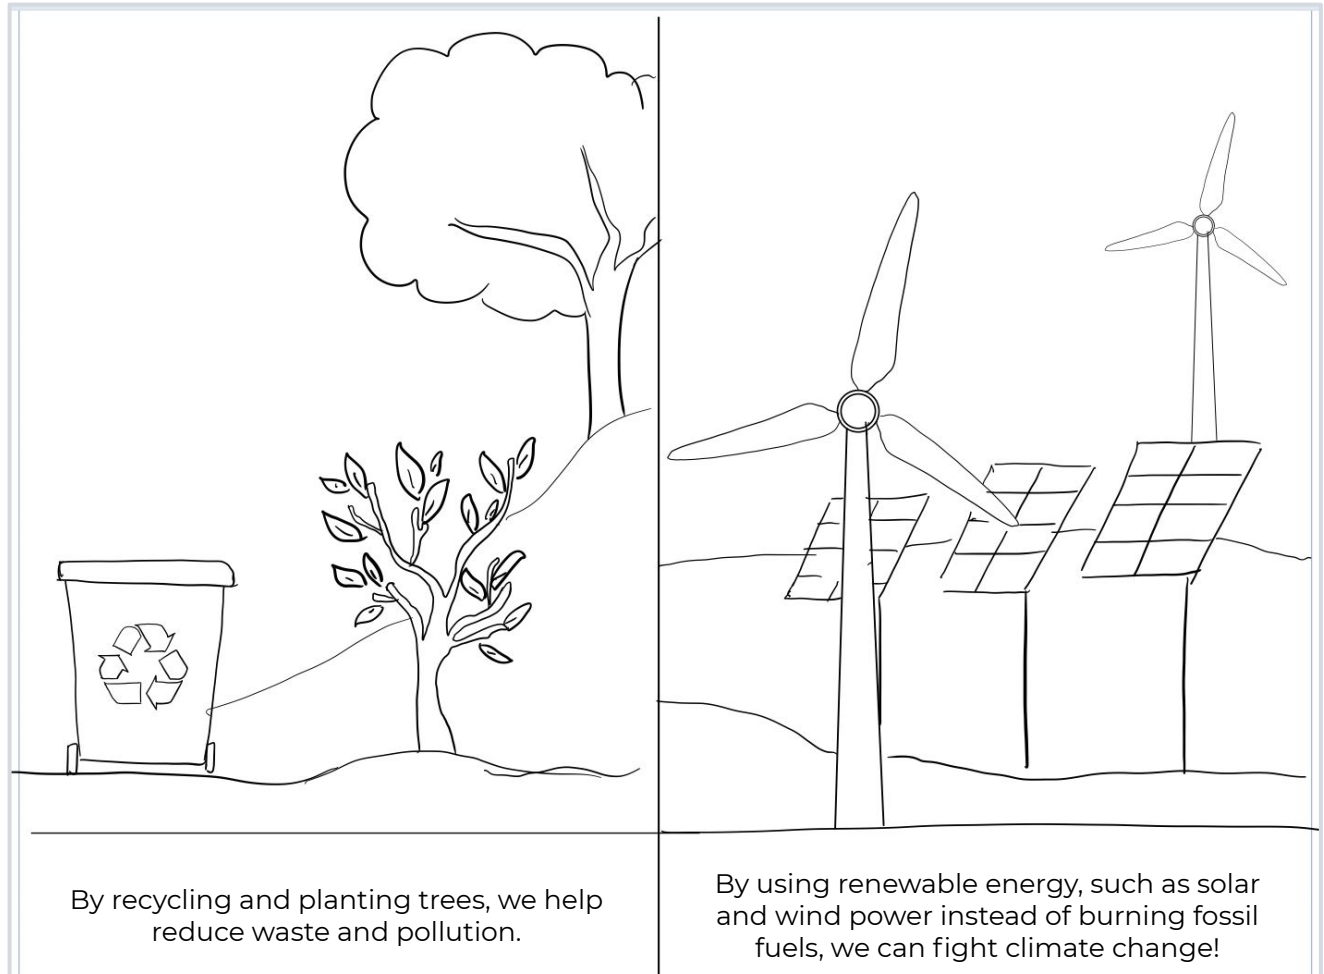

Page 3

The burning of fossil fuels and pollution from factories lead to unhealthy air quality.

Saving energy and electricity can help

Page 4

Part 2

Engaging middle schoolers

- Encourage students to create environmental art
- Share the value of using art for communication of environmental messages

Creative Bergen Youth Art Contest

- **Climate Hope: Art for Change**
- Plan middle school art contest
 - With a team of high school student
- Promote contest to teachers and schools

Sponsored by Creative Bergen/A Sustainable Jersey Bergen County HUB Initiative

Leadership Opportunity

for high school artists and environmentalists

Artist: Ari S. Artist: Gwenan W. Artist: Chloe L.

Creative Bergen Youth is hosting an art contest with the theme **Climate Hope: Art for Change** open to all Bergen county middle school students. Kindly RSVP by 12.20.20

We're looking for high school students to join the leadership team to help plan and promote the contest.
