TOWNSHIP COMMITTEE OPEN PUBLIC WORK SESSION  
SECOND FLOOR MUNICIPAL COURT ROOM  
TUESDAY, SEPTEMBER 16, 2014 – 7:30 P.M.**

Mayor Douglas J. Christie opened the Work Session Meeting at 7:30 p.m. in the second floor municipal court room.

Municipal Clerk Santimauro read the Open Public Work Session statement: "This Open Public Work Session Meeting of the Wyckoff Township Committee is now in session. In accordance with the Open Public Meetings Act, notice of this meeting appears on our Annual Schedule of meetings. A copy of said Annual Schedule has been posted on the Bulletin Board in Memorial Town Hall; a copy has been filed with the Municipal Clerk, The Record, The Ridgewood News and the North Jersey Herald and News – all newspapers having general circulation throughout the Township of Wyckoff. At least 48 hours prior to this meeting the Agenda thereof was similarly posted, filed and mailed to said newspapers."

**Present:** Mayor Douglas J. Christie, Committeemen Kevin J. Rooney, Haakon C. Jepsen, Brian D. Scanlan and Rudolf E. Boonstra  
**Also Present:** Township Administrator Robert J. Shannon, Jr., Township Attorney Robert Landel and Municipal Clerk Joyce C. Santimauro

Mayor Christie opened the meeting for the ten (10) minute total public comment period for any item on or off the Agenda, two (2) minutes per speaker, with a motion from Committeeman Scanlan, seconded by Committeeman Rooney.

1. Timothy Buchman, 430 Meer Avenue stated that at the last meeting the Township Committee discussed the backlog of tasks for the Public Works Department. Mr. Buchman opined that the DPW does a good job and he suggested possibly the Township's experiment of decreasing staffing through attrition may not be effective. Should a determination be reached to increase the DPW Staff, Mr. Buchman stated he would be in favor of hiring additional staff.

2. Richard Koenigsberg, 223 Woodmere Court, Franklin Lakes introduced himself as the coordinator of the FLOW Rider Group that utilizes the Commuter Park & Ride Facility the Township provides at the Cornerstone Christian Church on Wyckoff Avenue. Mr. Koenigsberg described the commuter park & ride fee increase reported in last week's Villadom Times as unacceptable with no justification. Due to the post recession job growth, which is primarily in New York City, the commuter bus service from the Wyckoff Park & Ride is a valuable service for many persons in the area. Mr. Koenigsberg urged the Township Committee to reconsider the amount of the fee increase. Committeeman Rooney asked Mr. Koenigsberg why he does not utilize the park & ride facility in Franklin Lakes. Mr. Koenigsberg responded that the Coach Bus Service, which has the franchise from New Jersey Transit, runs a number of express buses from the Wyckoff Commuter Park & Ride facility directly into NYC which are not scheduled from the Franklin Lakes park & ride.

Committeeman Rooney motioned to close the public comment period, seconded by Committeeman Scanlan with an affirmative voice vote.

Mayor Christie advised that the Finance Committee has reviewed and signed vouchers.

**Township Committee Reports:**

**Haakon Jepsen:**

1. Mr. Jepsen attended the Municipal Drug & Alcohol Prevention Alliance Meeting yesterday afternoon. The goal of this committee is to combat drug and alcohol addiction through public information and funding educational and awareness programs. participate in the United States Drug Enforcement Agency's "Operation Drug Takeback" program. If residents have expired prescriptions and/or over the counter medications, they may dispose of these items at the Wyckoff Police Department. Additional drop box locations are available throughout the year at the Paramus and Waldwick police stations. Mr. Jepsen also reported that the DEA is drafting regulations which would allow pharmacies to also function as drug takeback drop off centers. However, the regulations have not been finalized and when they do area pharmacies may then decide whether to participate.

2. Mr. Jepsen reported that at the Municipal Alliance Meeting, a discussion revolved at seeking a volunteer who could assist staff the Alliance Table at the Annual Health Fair on Saturday, October 11, 2014.
3. The Environmental Commission was cancelled last evening due to the inability to generate a quorum. Therefore, Mr. Jepsen was able to attend the Parks and Recreation Advisory Board Meeting and he suggested that the Summer Camp Program include a children's yoga component. Mr. Jepsen also spoke with the Recreation Board regarding his request to ensure a moratorium of sports activities during the 911 Remembrance and Memorial Service. This year, a scheduling conflict occurred however, moving forward there should be no activity during this service. The governing body commented that the 911 Remembrance and Memorial Service was very well attended at the front of Fire Company #1 and it is difficult to mourn the loss of eleven (11) souls while hearing whistles and shouts of coaching instruction. Mayor Christie instructed the Administrator to mark that date and contact the Recreation Department to remind them to avoid any future program conflicts.

**Rudy Boonstra:**

1. Mr. Boonstra attended the 911 Remembrance and Memorial Service and indicated that the Wyckoff Volunteer Fire Department achieved another outstanding service. Many thanks to MC Mayor Christie and Bill Brock. Mr. Boonstra opined that even after thirteen (13) years the memorial service was very well attended.
2. On Wednesday, September 10, 2014 Mr. Boonstra attended the Planning Board Meeting. In an unexpected vote, the Planning Board denied the application for the Capital One Bank which applied for new construction at the corner of Wyckoff and Greenwood Avenue. The applicant, Capital One Bank, postponed their application hearings for the last two (2) months and on Wednesday, September 10, 2014 arrived at the Planning Board Meeting and removed all the requested variances and insisted on a vote. Several board members and the Township Engineer wanted to hear additional testimony from bank officials, not simply the hired architects regarding the design of the building. Copies of colonial architecture at Capital One Bank's in other locations of New Jersey were distributed for review. The attorney for Capital One Bank insisted on a vote and did not provide a bank official at the meeting as requested by the Planning Board. There was no motion to approve the application with the current design however eventually, there was a motion to deny the application which was passed.
3. Mr. Boonstra complimented the new Ramapo/Indian Hills Superintendent of Schools, Beverly McKay on her new program to connect with other municipal officials in the FLOW area. Ms. McKay hopes to attend, schedule permitting, a Wyckoff Township Committee Business Meeting in October.

The next step will include a breakdown of costs between the recreation program and the travel team programs.

9. Mr. Scanlan indicated that in response to Mr. Buchman's comment this evening that in 2009 a DPW employee retired and the Township did not fill that position for approximately two (2) years. Ultimately, that position was filled. Currently, the DPW Staff has one (1) less employee so the staff was not drastically reduced however, it is lower by design. Committeeman Rooney stated that the DPW Staff is a group of very talented employees. They perform all types of work from masonry, to electrical, to tree trimming work which is one of the reasons the Wyckoff DPW is able to achieve accomplishments at a lower cost than the Township would otherwise pay in the private sector for those improvements.

10. With regard to a comment made at last meeting regarding the Recycling Center, a job description has been developed and issued to solicit additional Recycling Center attendants for Saturdays and Tuesday evenings during the Summer. It is difficult to open the Recycling Center in the Winter due to the inability to plow snow off a gravel surface. Therefore, in order to provide those additional winter hours of operation at the Recycling Center, Mr. Rooney obtained a cost estimate and Scott
